

WHALE SHARK TRIP

ANGSANA
VELAVARU

Ever wonder how it feels to swim next to the largest fish in the world?

Join us for a whale shark trip to capture a selfie with the friendly giant of the sea. As the largest fish in the sea, reaching lengths of 40 feet or more, whale sharks have an enormous menu from which to choose. Fortunately for most seawallers—and us!—their favorite meal is plankton.

Right here at Velavaru, we offer a half-day snorkeling excursion with the whale sharks. Located just 2 atolls above us, South Ari Atoll is one of the few places in the Maldives where whale sharks are sighted all year round.

TRIP DETAILS

It is a half-day snorkeling excursion which normally begins in the morning 8/9am and we will be back around 2/3pm.

We set off on a speedboat where our guide will give a detailed briefing about the trip as well as the whale shark snorkeling protocol. Once we arrive at Maamingili Channel, we will be spotting and/or snorkeling with the whale sharks for about 2-2.5hours. One the way back, if weather permits, we will stop on a beautiful uninhabited island for lunch and snorkel. Right after, we will make our way back to the resort.

Lunch, refreshments, photo taking and guide are included.

Minimum of 8 pax is required. Only experienced snorkellers are allowed for this trip.

Private trips can be arranged upon request.
