ITHAA UNDERSEA RESTAURANT

Sitting five meters below the surface of the Indian Ocean, Ithaa is the world's first undersea restaurant, offering 180 degree panoramic views of the vibrant coral gardens surrounding it. Ithaa (defined as "Mother of Pearl" in Dhivehi) is accented by the use of curved transparent acrylic walls, similar to those used in aquarium attractions. The food offering is a true delight and features a distinctive menu showcasing local spices and produce blended with Western influences presented in a six-course set dinner menu and a four-course lunch menu. Ithaa is also open for Visiting Hours and can be reserved privately for breakfast, weddings or other special occasions. For optimum undersea experience, we recommend to go for dinner so as to experience both the day (1hr daylight) and night views under the sea.
